

# SAFETY DATA SHEET

## ZEP ACCLAIM L

Version 1.2

Revision Date 12/21/2025

Print Date 12/21/2025

### SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Material name : ZEP ACCLAIM L

DIN ID # : 02242260

Material number : 99910C

#### Manufacturer or supplier's details

Company : Zep Inc.

Address : 11627 - 178 Street  
Edmonton, Alberta T5S 1N6  
Canada

Telephone : Compliance Services - 877-428-9937

#### Emergency telephone numbers

**For SDS Information** : Compliance Services - 877-428-9937

**For a Medical Emergency** : 877-541-2016 Toll Free - All Calls Recorded

**For a Transportation  
Emergency** : CHEMTREC: 800-424-9300 - All Calls Recorded.

#### Recommended use of the chemical and restrictions on use

This product is regulated under the Canadian Federal Food and Drug Regulations of Health Canada. The warnings presented below in this Safety Data Sheet (SDS) comply with the WHMIS 2015 Hazardous Products Regulation (GHS - Globally Harmonized System of Classification and Labeling). The requirements for the labeling and warnings of product regulated under the Canadian Federal Food and Drug Regulations of Health Canada may differ from those required for GHS based hazard communication.

### SECTION 2. HAZARDS IDENTIFICATION

#### Emergency Overview

|            |        |
|------------|--------|
| Appearance | liquid |

### GHS Classification

Not a hazardous substance or mixture.

### GHS label elements

Not a hazardous substance or mixture.

## SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

### Hazardous components

| Chemical name                                                                     | CAS-No.    | Concentration [%] * |
|-----------------------------------------------------------------------------------|------------|---------------------|
| ammonium dodecyl sulphate                                                         | 2235-54-3  | >= 5 - < 10         |
| alpha-Sulfo-omega-(dodecyloxy)-poly(oxy-1,2-ethanediyl), Ammonium salt (Dilution) | 32612-48-9 | >= 5 - < 10         |
| Fatty acids, C8-18 and C18-unsatd., compds. with diisopropanolamine               | 68855-69-6 | >= 1 - < 5          |
| ethanol                                                                           | 64-17-5    | >= 1 - < 5          |
| ammonium chloride                                                                 | 12125-02-9 | >= 1 - < 5          |
| ammonium xylenesulphonate                                                         | 26447-10-9 | >= 1 - < 5          |
| citric acid                                                                       | 77-92-9    | >= 0.1 - < 1        |

\* The exact percentages of disclosed substances are withheld as trade secrets.

## SECTION 4. FIRST AID MEASURES

General advice : Do not leave the victim unattended.

If inhaled : If unconscious, place in recovery position and seek medical advice.  
If symptoms persist, call a physician.

|                                                             |                                                                                                                                                                                                                                      |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| In case of skin contact                                     | : This product is formulated for use on skin but should always be immediately washed off with plenty of water. Discontinue use if irritation and redness develop. If conditions persist for more than 72 hours, consult a physician. |
| In case of eye contact                                      | : Remove contact lenses.<br>Protect unharmed eye.<br>Keep eye wide open while rinsing.<br>If eye irritation persists, consult a specialist.<br>If in eyes, rinse with water for 15 minutes.                                          |
| If swallowed                                                | : Keep respiratory tract clear.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a physician.                                                      |
| Most important symptoms and effects, both acute and delayed | : Effects may be delayed, symptoms may include minor eye or skin irritation.<br>Overexposure may cause mild eye or skin irritation.                                                                                                  |
| Notes to physician                                          | : Treat symptomatically. Symptoms may be delayed.                                                                                                                                                                                    |

---

### SECTION 5. FIREFIGHTING MEASURES

|                                               |                                                                                                                                                                                                                                                                     |
|-----------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : Dry chemical<br>Water spray jet<br>Carbon dioxide (CO <sub>2</sub> )<br>Alcohol-resistant foam                                                                                                                                                                    |
| Unsuitable extinguishing media                | : High volume water jet                                                                                                                                                                                                                                             |
| Specific hazards during firefighting          | : Do not allow run-off from fire fighting to enter drains or water courses.                                                                                                                                                                                         |
| Hazardous combustion products                 | : Carbon dioxide (CO <sub>2</sub> )<br>Carbon monoxide<br>Nitrogen oxides (NO <sub>x</sub> )<br>Smoke<br>Sulphur oxides                                                                                                                                             |
| Specific extinguishing methods                | : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                                                                                                                           |
| Further information                           | : Collect contaminated fire extinguishing water separately. This must not be discharged into drains.<br>Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.<br>Standard procedure for chemical fires. |
| Special protective equipment for firefighters | : Wear self-contained breathing apparatus for firefighting if necessary.                                                                                                                                                                                            |

# SAFETY DATA SHEET

## ZEP ACCLAIM L

Version 1.2

Revision Date 12/21/2025

Print Date 12/21/2025

### SECTION 6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Material can create slippery conditions.  
Use non-slip safety shoes in areas where spills or leaks can occur.  
Refer to protective measures listed in sections 7 and 8.
- Environmental precautions : Prevent further leakage or spillage if safe to do so.  
Prevent product from entering drains.  
If the product contaminates rivers and lakes or drains, inform respective authorities.
- Methods and materials for containment and cleaning up : Wipe up with absorbent material (e.g. cloth, fleece).  
Keep in suitable, closed containers for disposal.

### SECTION 7. HANDLING AND STORAGE

- Advice on safe handling : For personal protection see section 8.  
Smoking, eating and drinking should be prohibited in the application area.  
Dispose of rinse water in accordance with local and national regulations.  
Avoid contact with eyes.
- Conditions for safe storage : Keep container tightly closed in a dry and well-ventilated place.  
Containers which are opened must be carefully resealed and kept upright to prevent leakage.
- Materials to avoid : No materials to be especially mentioned.

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Components with workplace control parameters

| Components | CAS-No. | Value type<br>(Form of exposure) | Control parameters /<br>Permissible concentration | Basis     |
|------------|---------|----------------------------------|---------------------------------------------------|-----------|

**Engineering measures** : effective ventilation in all processing areas

### Personal protective equipment

**Respiratory protection** : No personal respiratory protective equipment normally required.

### Hand protection

**Remarks** : No special protection is required.

**Eye protection** : Eye protection is not required while washing with this product.

In the workplace, the use of safety glasses is recommended to avoid eye exposure during the handling of containers or during spill clean-up.

**Skin and body protection** : No special protection is required.

**Hygiene measures** : General industrial hygiene practice.

# SAFETY DATA SHEET

## ZEP ACCLAIM L

Version 1.2

Revision Date 12/21/2025

Print Date 12/21/2025

Hazardous decomposition products : Carbon oxides

---

### SECTION 11. TOXICOLOGICAL INFORMATION

#### Potential Health Effects

Aggravated Medical Condition : None known.

Symptoms of Overexposure : Effects may be delayed, symptoms may include minor eye or skin irritation.  
Overexposure may cause mild eye or skin irritation.  
Treat symptomatically. Symptoms may be delayed.

#### Carcinogenicity:

##### IARC

No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

##### ACGIH

Confirmed animal carcinogen with unknown relevance to humans

ethanol

64-17-5

#### Acute toxicity

##### Components:

##### **ammonium dodecyl sulphate:**

Acute oral toxicity : LD50 Oral Rat: > 5,000 mg/kg

##### **alpha-Sulfo-omega-(dodecyloxy)-poly(oxy-1,2-ethanediyl), Ammonium salt (Dilution):**

Acute oral toxicity : LD50 Oral Rat: 630 mg/kg

##### **ethanol:**

Acute oral toxicity : LD50 Oral Rat: 7,060 mg/kg

Acute inhalation toxicity : LC50 Rat: 124.7 mg/l

Exposure time: 4 h

Test atmosphere: vapour

### **citric acid:**

Acute oral toxicity : LD50 Oral Rat: 5,400 mg/kg

Acute dermal toxicity : LD50 Dermal Rabbit: > 2,000 mg/kg

### **Skin corrosion/irritation**

#### **Product:**

Result: No skin irritation

### **Serious eye damage/eye irritation**

#### **Product:**

Remarks: Irritating to eyes.

### **Respiratory or skin sensitisation**

No data available

### **Germ cell mutagenicity**

No data available

### **Carcinogenicity**

No data available

### **Reproductive toxicity**

No data available

### **STOT - single exposure**

No data available

### **STOT - repeated exposure**

No data available

### **Aspiration toxicity**

No data available

### **Further information**

#### **Product:**

Remarks: No data available
