IDENTITY

AWC DC-208

Section I Company and Product Identification

AMERICAN WATER CHEMICALS 1802 Corporate Center Lane Plant City, FL 33563 Telephone Number: (813)-246-5448	ChemTel phone Number: In the U.S.: 1-800-255-3924 International: 1-813-248-0585 Australia: 1-300-954-583 Brazil: 0-800-591-6042 China: 400-120-0751 India: 000-800-100-4086 Mexico: 800-099-0731
Date Prepared: 11/21/03	Date Revised: October 2020

Trade Name	AWC DC-208
Product Family	Dechlorination chemical for membranes

Section II – Hazards Identification

Signal Word : WARNING	
GHS Hazard Phrases	H302 Harmful if swallowed.
GHS Precaution Phrases	P270 Do not eat, drink or smoke when using this product. P264 Wash contaminated skin thoroughly after handling. P301+312 IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. P330 Rinse mouth.
GHS Response Phrases	P311: Call a poison center/doctor/...if you feel unwell
GHS Storage and Disposal Phrases	Please refer to section 7 for storage and section 13 for Disposal information

Health Hazards (Effects of Acute and Chronic Overexposure)
Inhalation: May be harmful if inhaled.
Eye Contact: May cause eye irritation.
Skin Contact: May be irritating to skin
Ingestion (Swallowing): Harmful if swallowed

Section III - Hazard Ingredients/Composition Information

Hazardous Components (Chemical Name)	CAS #	%
SODIUM METABISULFITE	7681-57-4	>10%
SODIUM SULFITE	7757-83-7	<1%
PROPRIETARY INGREDIENTS	PROPRIETARY	>10%

Section IV – First Aid Procedures

Inhalation: Move the exposed person to fresh air at once. Get medical attention. Provide rest, warmth and fresh air. When breathing is difficult, properly trained personnel may assist affected person by administering oxygen.
Eye Contact: Make sure to remove any contact lenses from the eyes before rinsing. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes. Get medical attention promptly if symptoms occur after washing.
Skin Contact: Remove contaminated clothing. Wash the skin immediately with soap and water. Get medical attention if irritation persists after washing.
Ingestion (Swallowing): DO NOT INDUCE VOMITING! NEVER MAKE AN UNCONSCIOUS PERSON VOMIT OR DRINK FLUIDS! Remove victim immediately from source of exposure. Drink plenty of water. Get medical attention immediately! Provide rest, warmth and fresh air.

Section V - Fire Fighting Measures

Flash Point (Method Used) None	Flammable Limits: NE
Extinguishing Media: This product is not flammable. Use fire-extinguishing media appropriate for surrounding materials.	
Auto ignition temp: Noncombustible.	
Special Fire Fighting Procedures and Protective Equipment: Do not enter fire area without proper protective equipment, including respiratory protection. Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Avoid (reject) fire-fighting water to enter environment.	
Unusual Fire and Explosion Hazard: None Known	
Hazardous Decomposition or Combustion Byproducts: Sodium Oxides Sulphur Oxides	

Section VI – Accidental Release Measures

Steps to Be Taken in Case Material is Released or Spilled:
Additional Information: Soak up with inert absorbent material and dispose of as hazardous waste. Do not flush with water. Keep in suitable, closed containers for disposal.

Section VII - Handling and Storage

Precautions to Be taken in Handling (General):	Wear respiratory protection. Avoid breathing vapors, mist or gas. Avoid spilling, skin and eye contact.
Precautions for safe storage and any incompatibilities	Store in tightly closed original container in a dry, cool and well-ventilated place. Keep in original container. Prevent entry of air/oxygen. Do not store at temperatures above 60°C Keep away from direct sunlight.

SAFETY DATA SHEET

PLANT CITY, FL 33563

Section VIII – Exposure Controls and Personal Protection

Components (Specific Chemical Identity; Common Name(s))	OSHA PEL	TWA8 ACGIH	Niosh	Other Limits Recommended
Sodium Metabisulfite	None	5 mg/m3	5 mg/m3	NA

Primary Route of Exposure: Body contact.	
Ventilation: Provide adequate general and local exhaust ventilation.	
Target Organs: None Known	
Respiratory Protection: No specific recommendation made, but respiratory protection may still be required under exceptional circumstances when excessive air contamination exists.	
Skin Protection: Rubber or plastic-impervious and/or waterproof.	
Protective Gloves: Rubber gloves are recommended. Protective gloves complying with EN 374.	Eye Protection: Wear approved safety goggles. Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).
Other Protective Clothing or Equipment: Eye wash facility and safety shower in immediate area. Rubber boots. Rubbers over leather shoes are not recommended.	

Section IX - Physical/Chemical Characteristics

Boiling Point: > 100°C (212°F)	Percent Volatile: NE
Viscosity : (Brookfield) @ 25°C: < 100 cps	Specific Gravity (H2O = 1): 1.35 ± 0.05
Solubility in Water: Complete	pH: 5.0 – 7.0
Appearance and Odor: Clear colorless to light yellow liquid, Pungent odor	

NR: NOT REQUIRED, NE: NOT ESTABLISHED, NA: NOT APPLICABLE

Section X – Stability & Reactivity Data

Stability: Stable under normal temperature conditions.
Conditions to avoid: Do not expose to extreme temperatures.
Incompatibility (Materials to Avoid): Strong oxidizing substances. Strong acids.
Hazardous Decomposition Products: Fire creates: Sulphur Oxides
Hazardous Polymerization: Does not occur
Condition to avoid: None known
Additional Information: none

Section XI– Toxicological Information

Available data on closely related material indicates the following:

Acute toxicity:

Acute Toxicity (Oral LD50)

> 2000 mg/kg Rat

Mutagenic: Not listed.

Teratogenic: Not listed.

Reproductive Toxicity: Not listed.

Primary Route of Exposure: Body contact.

Target Organs: Not Listed

Section XII – Ecological Information

Available data on closely related material indicates the following:

Ecotoxicity

There are no data on the ecotoxicity of this product.

Toxicity

Persistence and degradability

Degradability

Sodium hydrogen sulphite will degrade to form sulphates in the natural environment.

Chemical Oxygen Demand 154 mgO₂/g

Bioaccumulative potential

Bioaccumulative potential

No data available on bioaccumulation.

Mobility in soil

Mobility:

The product is miscible with water. May spread in water systems.. Results of PBT and vPvB assessment

This product does not contain any PBT or vPvB substances.

Other adverse effects

None known.

Section XIII - Disposal Consideration

Waste Disposal Method:

General information

Observe all local, national and international regulations.

Waste treatment methods

Oxidize with Sodium Hypochlorite or Hydrogen Peroxide . Neutralize. Dilute with water. Dispose of in accordance with local authority regulations.

Section XIV - Transport information

SAFETY DATA SHEET

D.O.T. Proper Shipping Name: N/A	D.O.T. Hazard Class: N/A D.O.T. LABEL: N/A
ID No: N/A	Packing Group: N/A

Section XV - Regulatory information

Statutory Instruments

The Chemicals (Hazard Information and Packaging for Supply) Regulations 2009 (S.I 2009 No. 716).

Approved Code Of Practice

2011 Code of Practice for the Safety, Health and Welfare at Work (Chemical Agents) Regulations 2001 (S.I. No. 619 of 2001)

Guidance Notes

Workplace Exposure Limits EH40. CHIP for everyone HSG(108).

EU Legislation

The UN Globally Harmonized System (GHS) Safety Data Sheet format (Annex IV) is implemented as Annex II of

REACH EU No 453/2010 of 20th May 2010 amending regulation (EC) No 1907/2006

15.2. Chemical Safety Assessment

Section XVI - Other information

NFPA RATINGS:

Health	Flammability	Reactivity
1	0	0

The data contained in this material safety data sheet has been prepared based upon an evaluation of the ingredients contained in the product, their concentrations in the product and potential interactions. The information is offered in good faith and is believed to be accurate. It is furnished to the customer who is urged to study it carefully to become aware of hazards, if any, in the storage, handling, use and disposal of the product; and to insure his employees are properly informed and advised of all safety precautions required.
